Subsequently announced

Payroll Tax – From 1 July 2009 NSW introduced changes to the Payroll Tax Act 2007, specifying that where an employee works in more than one jurisdiction in any month, the employee's principal place of residence will be the primary nexus for liability, or where they reside overseas, where the ABN address of the employer is located.

Victoria

Land tax - from the 2009 land tax year, the land tax thresholds were adjusted upwards by 10 per cent. Furthermore, the top land tax rate was reduced from 2.5 per cent to 2.25 per cent.

The land tax exemption for aged care facilities, supported residential care services and rooming houses announced in the 2005-06 Budget was extended from the 2009 land tax year to include facilities which cater for young people with disabilities.

Payroll tax - the already scheduled reduction in the payroll tax rate from 5.05 per cent to 5 per cent, was increased by a further 0.05 percentage point cut to 4.95 per cent, effective from 1 July 2008.

From 1 July 2009, new payroll tax nexus rules apply where wages are paid to workers who provide their services in more than one State or Territory in a month. Payroll tax is to be paid to the jurisdiction where the worker resides, or where the worker does not reside in Australia, tax is to be paid to the jurisdiction where the ABN address of the employer is located.

First homebuyers are able to receive both the First Home Bonus and the principal place of residence land transfer duty concession for the first time, for all contracts entered into on or after 6 May 2008.

The pensioner and concession cardholder land transfer duty concession was revised. A full land transfer duty concession now applies to eligible pensioner and concession cardholder property purchases valued up to \$330,000, while a partial concession will apply to purchases valued over \$330,000 up to \$440,000. The revised thresholds apply to all contracts entered into on or after 6 May 2008.

A land transfer duty exemption for homes transferred into special disability trusts was also introduced for contracts entered into on or after 1 July 2008.

A corporate reconstruction exemption was introduced for listed property trusts in circumstances that are consistent with the Commonwealth Government's arrangements concerning capital gains tax rollover relief for contracts entered into on or after 1 July 2008.

An additional First Home Bonus for regional new home first homebuyers was announced. For contracts entered into on or after 1 July 2009, an additional \$4,500 is available to first homebuyers purchasing newly constructed homes valued up to \$600,000 in regional Victoria until 30 June 2010. The Regional Bonus is on top of the \$7,000 First Home Owners Grant and the \$11,000 Bonus for newly constructed homes. Queensland

Transfer duty

First home buyers - From 1 July 2009, the transfer duty exemption threshold for first home buyers purchasing vacant land increased from \$150,000 to \$250,000, with a partial concession available for first home buyers purchasing vacant land valued between \$250,000 and \$400,000.

The abolition of transfer duty on core business assets will now occur by 1 July 2013.

Land tax - From 1 July 2009, a 0.5 per cent surcharge applies where the aggregate value of all land (for land tax purposes) exceeds \$5 million. The surcharge applies only to the portion of the value exceeding \$5 million.

Payroll tax - In 2009-10, a 25 per cent payroll tax rebate is provided on the eligible wages of apprentices and trainees, in addition to these wages being exempt from payroll tax.

Casino gaming machines - the tax rate on gaming machine win on casino gaming machines increased by 10 per cent from 1 July 2009, to 20 per cent at the Breakwater Island (Jupiters Townsville) and Reef (Cairns) casinos and 30 per cent at the Conrad Jupiters (Gold Coast) and Conrad International Treasury (Brisbane) casinos. At the same time, the concessional tax rate applicable to premium play at the Breakwater Island and Reef casinos was removed.

Motor vehicle registration - fees increased from 1 July 2009 (by more than the rate of growth in the consumer price index).

Western Australia

Payroll Tax – A payroll tax rebate will be provided to small and medium sized employers. The rebate is a one-off payment up to a maximum of \$46,750, payable in 2010-11. The eligibility will be based on the payroll tax returns in 2009-10.

The rebate amount will match the tax payable for annual payrolls up to \$1.6 million. For an annual payroll above \$1.6 million, the rebate is phased out proportionately between annual payrolls of \$1.6 million and \$3.2 million.

From 1 July 2009, a payroll tax exemption will apply to wages paid to workers on parental leave and volunteers doing emergency service work (legislation in progress).

Land Tax – A 50 per cent cap on the land value increase will commence from 2009-10 land tax assessments onwards.

The land developers' concession has been re-introduced. This concession will allow the developers to pay land tax and Metropolitan Region Improvement Tax on the lower (or "englobo") value of the original land holdings, rather than the full subdivided value of lots, for one year after the creation of the lots.

The time for paying land tax in two instalments will be extended from 110 days to 175 days, and the time to pay in three instalments will be extended from 175 days to 240 days. In addition the flat charge applicable to the three instalments option will be reduced from 4 per cent to 2 per cent.

South Australia

Payroll Tax – The payroll tax threshold was increased from \$552,000 to \$600,000 from 1 July 2009. As previously announced, the payroll tax rate was cut from 5.00 per cent to 4.95 per cent from 1 July 2009.

From 1 July 2009 South Australia has adopted the uniform payroll tax legislative model operating in New South Wales, Victoria and Tasmania. The *Payroll Tax Act 1971* was repealed and replaced by the *Payroll Tax Act 2009* as part of this harmonisation.

Mortgage Duty – Abolished on 1 July 2009 in accordance with arrangements agreed to under the *Intergovernmental Agreement on Federal Financial Relations*.

Rental Duty – Abolished on 1 July 2009 in accordance with arrangements agreed to under the *Intergovernmental Agreement on Federal Financial Relations*.

Land Tax – From 1 July 2009 ex-gratia land tax relief is provided for land that is used for residential aged care facilities approved under the *Commonwealth Aged Care Act 1987*. All Commonwealth accredited residential aged care facilities will not be required to pay land tax, regardless of whether they are run as a not-for-profit or commercial operation.

Tasmania

Transfer Duty - Duty on agreements for sale in Tasmania was abolished from 1 July 2009. Duty remains payable on the transfer of dutiable property.

Payroll Tax - From 1 July 2009, new nexus rules provide that the liability for payroll tax for work performed in more than one jurisdiction is determined by the principal place of residence of the employee or, where they reside overseas, the ABN address of the employer. For services performed solely in one jurisdiction, the jurisdiction where the services are provided continues to be the nexus.

Totalizator Wagering Levy - From 1 July 2009 the *Gaming Control Act 1993* provides for a Tasmanian Gaming Licence with totalisator endorsement. The holder of such a licence must pay an annual fixed wagering levy of \$6.25 million in 2009-10 (amount is indexed annually).

Tax on Sports Betting - From 1 July 2009, turnover tax on Tasmanian Gaming Licences with race wagering and sport betting endorsements has been abolished.

Northern Territory

Payroll Tax – From 1 July 2009, the Northern Territory adopted payroll tax legislation that is almost identical with the payroll tax legislation of New South Wales, Victoria, Tasmania and South Australia. It is also consistent with the payroll tax legislation of Queensland.

However, there are some differences in the payroll tax legislation of all harmonised states, mainly relating to exemptions and administrative arrangements. Like all other states, the Northern Territory has retained the ability to set its payroll tax rate and tax-free threshold, currently 5.9 per cent and \$1,250,000 respectively.

Stamp Duty – From 1 July 2009, a number of stamp duty exemptions that were provided to public benevolent institutions, religious institutions, public hospitals and schools have been extended to organisations having a sole or dominant purpose that is a charitable, benevolent, philanthropic or patriotic purpose (being, for lease, conveyance and motor vehicle registration duty). The exemptions do not apply where the property is used in a manner that competes with another entity's business irrespective of how the entity uses any funds derived from this use.

Also from 1 July 2009, an exemption will be provided to the grant or transfer of a lease of residential premises in a retirement village.

Conveyance Duty (also known as Transfer Duty) – from 6 May 2009 changes include:

- The imposition of landholder stamp duty on the takeover of a corporation or unit trust that is listed on a recognised financial market, such as the Australian Securities Exchange. This includes a merger vesting of shares, which is one way that a takeover can be achieved.
- Varying the application of the landholder provisions so that the provisions apply to acquisitions of interests in unlisted unit trusts of 50 per cent or more. The acquisition threshold previously was 20 per cent for private unit trusts.
- Preventing the avoidance of landholder stamp duty where a person acquires control of a corporation or unit trust without acquiring an entitlement to the property of the entity on its winding up or termination.
- Preventing the avoidance of landholder stamp duty where an arrangement exists that has the effect of reducing a person's entitlement (including to nil) on the winding up of a corporation or the termination of a trust.
- Enabling listed stapled entities to reorganise by way of 'top hatting' (from 1 July 2009), with a new head trust being interposed or an existing trust elevated to head trust, without landholder stamp duty being payable.

Also from 6 May 2009, clear rules have been introduced regarding the imposition of stamp duty on mergers. The rules make it clear that a conveyance of dutiable property occurs when there is a 'merger vesting' of property.

From 1 July 2009, the original purchaser in an agreement may be substituted with a related person without double stamp duty consequences provided certain conditions are met.

Also from 1 July 2009, there is no longer a requirement to lodge a cancelled agreement unless the agreement is cancelled to give effect to a sub-sale of the property or is the result of a conveyance by direction.

From 1 January 2010, first home buyers will not be entitled to the first home owner concession when the consideration or unencumbered value for the conveyance of a home and land, is more than \$750,000. This includes an off-the-plan contract, which is a contract for the purchase of a new home on a proposed lot on a plan of subdivision.

For vacant land a lower amount of \$385,000 applies. A home must be built on the vacant land within 3 years. A person who is not entitled to the first home owner concession may be entitled to the stamp duty principal place of residence rebate.

The abolition of conveyance duty on core business assets, which excludes land, has been deferred to 1 July 2012.

Motor Vehicle Registration Duty - From 1 July 2009, non-motorised trailers, including caravans, with a gross vehicle mass of no more than 4.5 tonne are exempt from motor vehicle registration duty.

Gaming Machine Tax – Prior to 1 January 2009, hotels paid gaming machine tax at the flat rate of 42.91 per cent as well as a community gaming machine levy of 10 per cent of gross profits, whereas clubs paid tax on a marginal rate basis of between 12.91 per cent and 42.91 per cent based on turnover.

From 1 January 2009, a new tax regime using a marginal tax rate based on turnover will apply to both clubs and hotels. The following table compares the previous club scales to the new regime applying to both hotels and clubs.

Club turnover thresholds (prior to 1 January 2009)	New hotel and club turnover thresholds (from 1 January 2009)	Marginal tax rate
up to \$5000	up to \$10 000	12.91%
\$5001 to \$50 000	\$10 001 to \$100 000	22.91%
\$50 001 to \$150 000	\$100 001 to \$200 000	32.91%
\$150 001 and over	\$200 001 and over	42.91%

Bookmaker's Turnover Tax - the existing turnover-based bookmakers turnover tax will be replaced with a profits-based bookmakers tax, imposed at a rate of 10 per cent of the bookmaker's gross monthly profits. Gross profit is the total amount wagered by persons with a bookmaker during that month, less the total amount of payments made by the bookmaker to those persons for the wagers during that month.

Tax payable will be capped at \$250,000 each financial year, expressed as revenue units in order to provide annual indexation in accordance with Darwin CPI. As the new bookmakers tax will take effect from 1 January 2010, a pro-rata cap of \$125,000 will apply for the second half of the financial year, that is from 1 January to 30 June 2010.

Australian Capital Territory

Motor Vehicle Duty - On 3 September 2008 the ACT Government introduced the Green Vehicles Duty Scheme. Under this Scheme, all new light vehicles will have a Green Vehicle Rating of A, B, C, or D, on which duty rates will be based. The ACT Green Vehicle Rating is based on a combination of two environmental ratings from the Commonwealth Green Vehicle Guide:

- the greenhouse rating, based on a vehicle's carbon dioxide emissions; and
- the air pollution rating, a measure of noxious pollutants that reduce our air quality.

A Green Vehicle Rating only applies to a new motor vehicle that has not previously been registered under:

- the *Road Transport (Vehicle Registration) Act 1999* or another Territory law; or
- a law of the Commonwealth, a State, another Territory or a foreign country.

Commercial Leases Duty - Commercial leases first executed after 30 June 2009, (other than long-term leases) are not liable to duty. A lease includes an agreement for a lease.

Any lease instrument entered into prior to 1 July 2009 remains liable to duty for the full term of the lease under the provisions in force at that time. A lease executed after 1 July 2009 that purports to commence before that date is also liable to lease duty.

Section 421 of the *Duties Act 1999* makes it clear that the repealed provisions continue to apply where:

- a lease instrument replaces a lease instrument evidencing or effecting a lease that was entered into before 1 July 2009, or
- an option or other arrangement, where the purpose, or main purpose, was to defer the execution of, or variation to, the lease instrument until 1 July 2009 (or later) so that Chapter 5 would not apply.

A variation to a lease (other than long-term lease) commencing after 30 June 2009 will not be liable to duty.

Duty exempt transactions —‘top hatting’ arrangements – The *Duties Act 1999* was amended on 1 July 2009 to include a duty exemption for ‘top-hatting’ arrangements that give effect to a rollover scheme under subdivision 124-Q of the *Income Tax Assessment Act 1997* (Cwth).

‘Top-hatting’ arrangements, as exempted by the amendments, result in no change to the real ownership of interests in the property trust. The purpose of these amendments is to exempt duty on transactions where the ultimate beneficial ownership of land remains unchanged as a result of the top-hatting restructure.

Cancelled Agreements – The *Duties Act 1999* was amended on 25 November 2009 to amend the provisions relating to the cancellation of agreements. A new section was inserted into the Act which allows transfers of dutiable property to be cancelled where it meets specified criteria.

Transfers relating to certain personal relationships - The *Duties Act 1999* was amended on 25 November 2009 to incorporate changes made to the *Family Law Act 1975*. This change provides for de facto couples to access the family law system, therefore allowing them access to certain exemptions in accordance with the *Duties Act 1999*.

Payroll Tax - From 1 July 2009, new payroll tax rules apply to employers who pay wages to employees who perform services in more than one jurisdiction in a month. The employees principal place of residence is now the determinant for the jurisdiction in which payroll tax is payable. These amendments were made as agreed among all jurisdictions.
