GOVERNMENT ACKNOWLEDGES ACCC FINDING

The NSW Government acknowledges the announcement made by the ACCC earlier today regarding the proposed acquisition of an interest in WestConnex by Sydney Transport Partners Consortium.

The State's evaluation process is continuing to finalise a decision on a preferred bidder.

An announcement on the outcome of the transaction will be made in due course.

NSW Treasurer Dominic Perrottet said: "The NSW Government will continue to assess the bids based on all available information. As is standard practice with live transactions the Government will not comment further."
